

INHOPE – FIGHTING CSAM

Carlos Friaças

What is CSAM?

- CSAM stands for Child Sexual Abuse Material
 - The «child pornography» terminology is being abandoned, as it became negative to victims

What is INHOPE?

- INHOPE is an active and collaborative network of **51** hotlines in **45** countries worldwide, dealing with illegal content online and committed to stamping out child sexual abuse from the Internet.

How does a hotline operate?

- Receives reports
- Performs report analysis
- Submits illegal content details to INHOPE's platform
- Sends info to own country's authorities if illegal content is perceived to be "national"
- Notifies local ISPs, requesting immediate takedown

HOW ONE SINGLE REPORT TO A HOTLINE MAKES A WORLD OF DIFFERENCE

Outcome?

- Hotlines don't receive any feedback from authorities
- Success stories are several, but details are rarely made public
- 1st priority is protecting the victims

Hotline in Portugal

- Portugal? Iberian peninsula, left of Spain 😊
- Since 2007
- 2015 figures
 - Reports: **1734**
 - Evaluated as potentially illegal: **99 [5,7%]**
